

# THE INTERNATIONAL NEWSLETTER IN OPHTHALMOLOGY

**INTERNATIONAL OPHTHALMOLOGY  
ASSOCIATION IN THE WEB**

***The International Newsletter in Ophthalmology***, is a free to access global medical news service. Our mission is to segment, profile and distribute medical news related to Ophthalmology to the widest possible audience of potential beneficiaries.

***The International Newsletter in Ophthalmology***, puts you in closer touch with everything that's happening right now in the ever changing field of Ophthalmology. New prevention strategies. New diagnostic techniques. New medications and treatments.

***The International Newsletter in Ophthalmology***, offers sponsorship opportunities which will gives advertisers a special place to include detailed information about their products and services.

***The International Newsletter in Ophthalmology***, will be released every two months starting from 2008, and all Ophthalmologists who are interested are invited to Join us with their latest work.
